Projects

Social Media Website.
vkmedias.netlify.app

VKMedia isn't just a social media platform; it's a testament to innovation and connectivity. As the driving force behind VKMedia, I've successfully created a space where individuals converge, share, and build digital connections.

Online Shopping Application.
vkfurniture.netlify.app

VKFurniture is merely an online furniture store; It's a testament to my commitment to delivering excellence in the digital marketplace. By creating a platform that seamlessly merges style, functionality, and convenience for users.
